

KOLLOQUIUM INTELLIGENTE SYSTEME  
Sondertermin 11. Oktober 2011  
COLLOQUIUM INTELLIGENT SYSTEMS  
Special Colloquium 11 October 2011

MAX-PLANCK-INSTITUT FÜR INTELLIGENTE SYSTEME, STUTTGART  
INSTITUT FÜR MATERIALWISSENSCHAFT UND  
INSTITUT FÜR THEORETISCHE UND ANGEWANDTE PHYSIK  
DER UNIVERSITÄT STUTTGART

Raum: Hörsaal 2R4

Zeit	Vortragende
9:00	<b>Prof. Gabor A. Somorjai</b> University of California, Berkeley and Lawrence Berkeley National Laboratory <i>The rapid evolution of molecular catalysis science from the perspective of surface chemistry</i>
10:00	<b>Prof. Prashant Kamat</b> University of Notre Dame <i>Exploitation of nanostructure assemblies for light energy conversion</i>
11:00	Kaffeepause
11:30	<b>Prof. Molly Stevens</b> Imperial College, London <i>Engineering bioinspired nanomaterials for regenerative medicine and biosensing</i>
12:30	Mittagspause
14:00	<b>Prof. Michael Grunze</b> Universität Heidelberg <i>In-situ studies of marine fouling</i>
15:00	<b>Prof. Colin Bain</b> University of Durham <i>Light: the World's most unlikely construction material</i>
